PRESS TEST SHEET

JOB PO-3417
REVISION 01

PRINT PRODUCTION DEMO

Proof you can measure.

Check the trim, ink separations and scale before sending a job to press.

A4 trim	Bleed	Output intent
210 × 297 mm	3 mm on all four sides	PSO Coated v3 · FOGRA51

Check the ink plates

The solids and 50% tints below use the four process inks. The control strip below the trim repeats them and adds a black ramp.

C 100% · M 100% · Y 100% · K 100% · C 50% · M 50% · Y 50% · K 50%

Check the scale and fine rules

100 mm reference

Print at actual size. Measure the full bar from end to end.

Rule weight

0.25 pt · 0.5 pt · 1 pt

Check the marks outside the bleed. The corner marks show where to trim. The four crosshairs appear on every process plate for registration.
